Parenting

There's no one right way to raise a child, and you don't have to be perfect. These programs are here to help you learn effective ways to support your child's healthy development and learning.

Family Resource Centers

Bring your children and take classes and workshops from trained parent educators, connect with community resources and more, all in one convenient location.

**Patagonia Family Resource Center
at Patagonia Elementary School**

(520) 394-3000

Child Health and Development

All children develop differently, but it helps to know if they're meeting typical milestones or could use extra assistance, and many medical and dental problems can be prevented.

Dental/Oral Health

Prevent tooth decay by having a professional check your child's teeth (or yours, if you're pregnant), protect your child's teeth with fluoride, and get a referral to a dentist if you need one.

Quality Child Care and Preschool

Quality early learning programs help young children learn, grow and thrive. More than 1,000 child care centers, homes and preschool programs in Arizona participate in Quality First to improve the quality of early learning for kids from birth to age 5. Many offer Quality First Scholarships to help low-income families afford quality early care and education.
